

Introduction to Web Development: JavaScript

Class 5: Preparation

Today we will begin to explore programming logic with JavaScript. Our focus will be on using; if... else, comparison operators, ternary operator, and the switch statement.

Todays learning outcomes:

- 1) Develop an understanding of the; if... else, comparison operators, and ternary operator. We will code several different ways of implementing programming logic to make a decision.
 - [If Statements & Comparison Operators | Modern JavaScript From The Beginning \(oreilly.com\)](#)
- 2) Develop an understanding of the Switch statement.
 - [Switches | Modern JavaScript From The Beginning \(oreilly.com\)](#)
